

Increment (demonstration pass by value)

```
package by.riit.chapter12;

/**
 * демонстрация передачи by value (по значению)
 */
public class Increment {
    public static void main(String[] args) {
        int x = 1;
        System.out.println("Before the call, x is " + x);
        increment(x);
        System.out.println("after the call, x is " + x);
    }

    public static void increment(int n) {
        n++;
        System.out.println("n inside the method is " + n);
    }
}
```
